OPTIONAL ACTIVITIES

New Europe Tours: New Europe offers several specialized tours in each city that supplement the overall city tour. Depending on the specialized tour you would like to participate in, there will be public tours departing within the times we are in that city. For tours that do not coincide with the dates and times Bus2Alps is in the city, it is possible to organize a private tour as long as minimum numbers are reached. Your Bus2Alps guide can help you plan these tours within the schedule to maximize your time in each city.

New Berlin Pub Crawl: Berlin has an eccentric nightlife, with a mix of alternative, grunge bars, and posh lounges. The New Berlin Pub Crawl gives you unlimited beer at the first bar, a free shot of Jagermeister with every drink after, and a chance to see just what makes Berlin's nightlife one of the best and strangest in Europe.

Heineken Experience: This tour of Amsterdam's most well-known brewery includes a behind-the-scenes look at the factory, beer tastings, and a small souvenir. Everyone with Bus2Alps will receive a discount on their ticket price and a designated entry time.

This is Holland: This Ultimate Flight Experience allows you to soar above the Dutch landscape and see the country's must-see sights. Without leaving Amsterdam travel around the breathtaking country and learn about the history and how they succeeded in reclaiming the land from the seas.

La Sagrada Familia: Gaudi's stunning Basilica Sagrada Familia is a must-see when in Barcelona. Construction of the church began in 1882, and continues to this day, with a completion date set in 2026. While the Art Nouveau exterior of the basilica is quite beautiful, a visit to the Sagrada Familia is not complete without exploring the unique architecture of its interior.

Park Güell: Gaudi's other most-notable creation sits atop Carmel Hill with stunning views of the city. The group will spend a relaxing afternoon amongst Gaudi's multi-colored mosaics.
