

Canyoning Grimsel

Set on a mountain pass, the Grimsel trip starts with a heart-pumping 50m rappel. Filled with amazing jumps, slides and a zip line into a crystal clear pool, this majestic alpine environment has plenty to offer. The pale-coloured rock formations in this canyon add to the stunning mountain scenery.

Good to know

- The canyon is an hour drive from Interlaken
- There are no facilities at the start of the trip, we get changed in an open field
- This canyon contains both easy and challenging elements depending on your preference
- There is a compulsory 50m (164ft) guided rappel at the start to enter the canyon
- The highest jump is 8m (26ft) but an easy alternative is possible
- This tour takes place in an alpine location with very scenic views
- This trip operates in most weather conditions due to controlled water levels
